## Our Mission

The purpose of the Sacramento Chinese Community Service Center (the Center) is to assist new immigrants, refugees and other underserved individuals in the greater Sacramento area to achieve economic self-sufficiency, social empowerment, and cultural appreciation. The Center accomplishes this mission by providing quality educational, vocational, human services and health programs to these individuals.

The Center was founded in 1978 to aid newly arrived immigrants in dealing with the myriad challenges of immigration and cultural adaptation. Today, we strive to honor and perpetuate each person's culture of origin. In the last few years we've expanded our programs to help all immigrants, refugees and other disadvantaged groups. The Center serves more than 4,000 clients each year, including a significant number of at-risk youth and the elderly.
